

Michael R. Baker

**Job Title:** Branch Manager for Printing Services

**Agency (Cabinet/Department):** Kentucky Design and Printing Services

**Education:** I am working on a BS in Business Administration

**Work Experience:** I have been with State Government for 156 Months

**Why I am a candidate for the Personnel Board:** Within my time in state government I have seen the Merit System at its best and worst. I feel that the Merit System has its place and is needed, but all too often it has been misused. I think it is time for a board that is ready to take a stronger stand.
